We are working in the four business fields „Cardio“, „Neuro“, „ Powered“ and „Joints“. in all these fields we want to offer our valued clients a complete range of products and services. Our products are clearly described and illustrated in well-structured sales documents. A small selection of various catalogs we show you below.

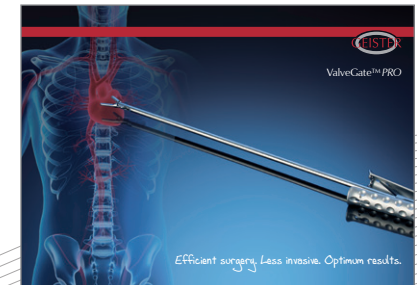

## Product search

In our new Online-Catalog you can find over 9000 specialty surgical instruments for the fields **CARDIO**, **NEURO**, **POWERED** and **JOINTS** surgery. Search systematically for specific product codes, keywords or reference numbers or click through the various index areas. Using the bookmark function, you can generate your individual product list, which you can print or save or fast and easily request a quote.
