

# Surgical Lighting Solutions

Illuminate. Operate.

**INTEGRA**<sup>®</sup>  
LIMIT UNCERTAINTY

## Why use surgical headlights?

Poor surgical lighting should never be an option. Whenever surgery is performed, it is critical to minimize distractions, maintain focus, and perform with precision.

Start performing with the best in surgical lighting and improve the way you see surgery, because outcomes matter.

## Why Integra® Luxtec®?

### The best of both worlds.

Learn how one of our premium lighting solutions can help place your surgery under the best light. Whether it's our latest LED technology or one of our tried and true xenon technologies, Integra has a robust portfolio to accommodate all of your surgical lighting needs.

## Why use surgical headlights?

Poor surgical lighting should never be an option. Whenever surgery is performed, it is critical to minimize distractions, maintain focus, and perform with precision.

Start performing with the best in surgical lighting and improve the way you see surgery, because outcomes matter.

## Why use the Integra LED?

### Smart fan technology

- 25,000+ hours of consistent, bright light
- Temperature-controlled lighting

### Reduced cost of ownership

- No need to replace aging xenon lamps or fiber optic cables

### Audible battery life notifications

### AC/DC power adapter

### Two options to accommodate different head sizes

### Consistent light output

- 350+ lumens guaranteed after 20 min burn in on highest setting
- Produces accurate color rendition to maximize visualization of critical anatomy

## Premium Visualization Supports Better Surgical Outcomes

The Integra LED yields consistent lumen output throughout the entire spot size, providing true shadow-free light. Light closest to natural, white light will reflect anatomical colors more accurately

## Why use the Integra MLX and UltraLite® Pro?

### Smart fan technology

- Temperature controlled with dual fans

### Premium light output

- 1000+ hours of lamp life
- Bright and white xenon light for deep cavity procedures

### Multiport

- Storz, Wolf, Olympus, ACMI

### Three headlight options

- UltraLite Pro provides maximum comfort and superior optics

UltraLite Pro

UltraLite Sweatband

UltraLite Plus
